NUMBER 131

HER DISGRACE.

THE "SWEET-PEA GIRL IS A BAD EGG.

Her Acquaintance With Durrant May be to His Detriment as She is Fast.

Mrs. Grace Bowers, whose insane infatuation for Durrant has brought her into undue prominence, announces her intention of suing for divorce. Her main reason for seeing a separation from her spouse is that they cannot agree upon the guilt of Durrant. Mrs. Bowers denies that she ever visited Durrant at the county jail in San Francisco. Yesterday, however, she was not so positive in her denials to the query whether she was acquainted with the archfiend.

She now smirkingly refuses to answer any questions bearing on that point and tries to give the impression that she is cognizant of some important facts connected with the tragedy. The woman is still at the Galindo hotel, and is constantly attended by a tall, lanky, dark complexioned individual, who declines to give his name. He is apparently much infatuated with the woman, and he can scarcely be driven from her presence.

Mrs. Bowers was in a very congenial frame of mind yesterday, and appears to have hasily recovered from her prostrating attack of nervousness of the day before.

"My husband is well aware of the reasons which prompted me to leave his home," said Mrs. Bowers. "I will not return to him, and I propose to apply for a divorce."

Those who are acquainted with the couple do not see upon what grounds she could get a divorce from her spouse. He is a self respecting, hard working individual who holds a responsible position. He has put up with her intermittent tantrums ever since he married her in Denver six years ago. Mrs. Bowers bears a very tough reputation that would hardly bear question. She has deserted her husband on several occasions and rushed into a wild and dissipated career. He has reclaimed her on every occasion and tried to induce her to lead a respectable life.

The woman is thoroughly depraved in her tastes and was an inmate of a respectable house in San Francisco.

Her spouse, although he is now aware of her past delinquencies, is still infatuated with her and would do anything to save her from the path of her own choosing. He has afforded her a good home and shielded her in every way.

Her desire for notoriety is so great as to impel her to do almost anything to attain it, and it is likely that she will force herself into the Durrant trial in some capacity. She is not crazy, but thoroughly depraved, is the opinion of those who are acquainted with her career. She has an aunt in the East whose reputation is as bad as her own. —Oakland Times.

Seidentopf Again on Trial.

Ex-County License Tax Collector W. H. Seidentopf was placed upon trial again yesterday before a jury in Judge Ellsworth's court for the alleged embezzlement of \$229.50 of county funds entrusted to his care. A previous attempt to convict Seidentopf was abandoned when it was discovered that the wrong date had crept into the indictment. The present charge is based upon defendant's alleged felonious act of embezzlement of December 1, 1894, when he was serving the county as License Tax Collector.

Berkeley to Meet Stanford.

Every evening about two dozen men go down to the University football campus to spend an hour in kicking, catching and passing the ball. Captain Sherman has given orders for every candidate for the team to be on hand at the gymnasium promptly at 4 o'clock every afternoon until the big game with Stanford on Thanksgiving day at Central Park. Beginning with yesterday the men must observe training rules. No smoking, drinking or late hours will be permitted. These regulations will be enforced, for it has been found out by experience in the Berkeley team that good football cannot be played when stimulants are taken. Every year some of the team have broken the rules and been allowed to keep their positions because they were exceptionally crack footballists, but this season there is such a lot of good material from which to choose that every one must toe the mark. The action of the executive committee of the Athletic Association Monday in expelling one of Berkeley's best athletes for breaking the training pledge has shown the best of the players that they can no longer violate training rules with impunity.

The University/Boxing Club held a meeting Monday evening at which the following officers were elected: R. H. Parsons, president; E. H. Hoag, vice-president; E. H. Pierce, secretary and treasurer; and Hoag, Parsons, Blasingame and Dam the board of directors. Professor Bean, instructor in the Crescent Athletic Club, has been secured to teach the students. He will be at the gymnasium every Wednesday.

Water Front Findings.

The attorneys in the water front case commenced the work of settling the findings in Judge Ogden's court yesterday. It will take fully a week to complete the task.

The attorneys for the losing side are full of objections to the findings as prepared. As soon as the findings are settled the next step in the proceedings will be the preparation of a statement on a motion for a new trial. This will occupy thirty days at least.

It is a question whether it will be possible to get the case ready for the January term of the Supreme Court.

Attorney Davis, while asserting that it is possible for the case to be on the January calendar of the court, he does not say that it will.

Girls Have a Rush.

The young ladies of the low and high senior classes of the Oakland High School held a "rush" yesterday afternoon. The young men of the same classes had indulged in their semi-annual bout for supremacy and the excitement of the affair stirred the "co-eds" to action. The "rush" occurred shortly after noon in the basement of the school. The objective point was the bit of ribbon that adorned the gowns of the various young women, and the scramble for the class insignia was lively for a while. The casualties were few. The scratch of a pin drew a few drops of blood from the white hand of one Miss, but that was all. Later in the afternoon the "rush" was renewed when the girls reached the gymnasium for their daily practice. Miss Carrie T. Palmer, instructor in physical culture at the High School, said last evening that there was a slight attempt to renew the "rush" in the dressing-room, but it was promptly stopped.

Mrs. Charles Bliss, with two of her children, has been visiting her sister, Mrs. Peter Lynch at Golden Gate, during the absence of Mr. Bliss, who attended the recent Knight Templar Conclave at Boston. Mrs. Bliss returned to her home in San Francisco last Saturday.

A FINE RESORT

CONDUCTED BY CONNIE J. NEWELL ON SAN PABLO AVENUE.

Fine Gardens Filled With Choice Plants—Also a Well-Equipped Bowling Alley.

Yesterday we took a trip from Berkeley along San Pablo avenue to Dalton street to see what effect the rains have had on the newly graded portion of the avenue, and found it in a terrible condition, as the large amount of travel over the road, together with the rain, has cut it up in terrible shape. It is plain to be seen that if the avenue is not macadamized before the heavy rains set in, the avenue will become impassable during the present winter. The property owners who are protesting against having the work done should withdraw them, as the grading which has already been done will all have to be done over if the macadam is not put on very soon.

While we were in that neighborhood we dropped into the Roadside Resort of our former constable and townsman, Connie Newell, corner of San Pablo avenue and Dalton street.

We found everything in apple pie order, the same being one of the finest Roadside houses along the avenue. A long shed for horses adjoins the building, back of which is a fine garden filled with choice roses, pinks, heliotrope and other plants. A number of summer houses are located at different parts of this garden. Directly on the other side of the garden is a fine bowling alley fully equipped. In the rear of the saloon, which is well stocked with choice wines and liquors, is a large kitchen with a fine range, upon which he prepares lunches for those of his customers who desire them.

Already this place is becoming the resort for bicyclists and when the road is macadamized will be patronized by hundreds of both sexes.

The W. B. P. Club.

As was correctly remarked this morning by an attendant at the meeting of this Club last evening, "It was the most important, best attended and had more enthusiasm in it than any previous meeting since the Club came into existence."

President Spear was on hand and immediately infused the audience with activity with a hidden electrical power of his. The roll was called and the club immediately got down to a portion of the work before it. Too much had accumulated to give it all attention. It was proposed to devote the greater part of the evening to a discussion of street improvements on the note bond system. The work was well gone over with and the method thoroughly explained to those present. An account of this style of street improving was published in last Saturday's GAZETTE and the article was well appreciated by our readers.

After deciding to bringing the matter of improving Fifth and Sixth streets, their whole length, before the Trustees at the next meeting, upon a motion being made to that effect it was ordered that the Secretary get a lot of notices printed and have them well distributed over the town, calling a mass meeting, to be held at the Beacon fire-engine house rooms on Tuesday evening next. Good speakers will be in attendance to explain, perhaps, more fully this ten year system of having street improvements made.

While many understand the method clearly it was thought best to have the people turn out in mass and hear the explanation made orally, when persons desirous of doing so can ask such questions for explanation as they desire.

Members of the Young Men's Institute now in convention at Vallejo are having a grand time. The people of Vallejo are showing their accustomed hospitality and making their visitors as happy as possible.

GAZETTELETS.

Chas. E. Wolferdingen Jr. was granted a divorce yesterday from Ethel Wolferdingen on the ground of her unfaithfulness and desertion.

The county tax has been set at 49 1-2 cents and the State tax at 68 1-2 cents, making altogether for the State and county \$1.18.

There will be a musicale at Stiles Hall under the auspices of the Unitarian Society, Thursday evening, September 19th at 8 p. m. Tickets, 50c.

Dr. Rutledge has got a large tarantula on exhibition at his drug store, corner of Fifth street and University avenue. It was captured in Wild Cat canyon and is of the black variety and is very poisonous.

A general meeting of the Science Association of the University of California will be held Friday evening at 8 p. m. in the Physics room at South Hall. Prof. Jos. Le Conte will read a paper on Color Perception and Color Blindness.

Mr. Magee instructed the boys in the physical culture department yesterday morning that hereafter on Monday, Thursday and Friday between the hours of 11:15 and 2:30 that they will please absent themselves from the gymnasium, as at that time the young ladies will have possession.

The Freshmen and Sophomores of the University do not seem to care as much for their class numbers as of yore. No numbers have been placed on the hills this year, neither do the dead walls and sidewalks have them painted thereon. Only a few left over numbers from last year can be found.

A. De Lair has made a contract with the First Presbyterian Church Society to build a church from plans made by Samuel Newton. It will be situated on the corner of Ellsworth street and Allston way. The contract price is \$11,895, and the building is to be completed in four months.

Mr. Lentz of South Berkeley who was fined \$50 for selling liquors without a license, appealed the case to a higher court. The decision of the Lower Court having been sustained it is the intention of Mr. Lentz to serve the time out in the County Jail. It amounts to \$2 per day and board and that is considered to be pretty good wages nowadays even if you are working for a dead horse.

A. W. Stamper has offered a \$25 gold medal to be raced for by the Crescent wheelmen. The race will be a five mile handicap and will be held at the Oakland Trotting Park on the afternoon of September 28th. Two other races, a one mile handicap and a half mile scratch will be held on the same occasion. Captain Gompertz of the club will receive entries up to next Saturday evening.

Otto Funda, an old resident of Berkeley, but now a farmer in Tehama county, arrived in Berkeley yesterday on a visit to old friends. He has improved wonderfully in health during the year he has been away. He says that he has divided his time between farming, hunting and fishing which has built him up and, made a new man of him. He says that his wife has also improved in health but has not yet got used to the warm weather that they have for a time during the summer.

The Oakland Rock Company squirmed out of their contract with the town of Berkeley for macadamizing San Pablo avenue, and the city has been caused a great deal of trouble thereby. The same company has been awarded a couple of contracts in Alameda, and is now seeking to be released from them, claiming that as the contract was awarded on Labor Day, it is illegal. They should be made to live up to their contracts.

A WISE CHOICE.

HARBOR COMMISSIONERS SHOW THEIR WISDOM IN

Appointing George Washington Root to the Position of Chief Wharfinger.

At a recent meeting of the State Board of Harbor Commissioners, the present chief, Mr. Boobar, was deposed his term of office having expired, and Mr. George Washington Root, a young man and a Native Son was appointed in his stead.

Mr. Root, who believes in giving everybody a fair shake, requested the Board to allow Mr. Boobar to hold his office until the first of October, as he did not believe in discharging a man without at least a month's notice. His request was granted and Mr. Boobar will remain until the last of this month when Mr. Root will take his place.

As we have before stated Mr. Root is a young man, about 40 years of age and a Native Son of the Golden West and is very much admired by the members of that order.

He has resided at San Benito for years and came to the city about two years ago to take the position of Assistant Chief Wharfinger, which had been obtained for him by Senator Thomas Flint.

During the two years that he has filled the position of Assistant Chief he has made friends of every one with whom he came in contact and especially of the wharfingers, collectors and other employees of the Harbor Commissioners.

The different Commissioners knew his worth, and when there was a vacancy in the office of Chief it was given to Mr. Root, every member of the Board voting for him.

It is intended by the men holding positions along the wharves to give Mr. Root a grand reception when he takes his office on October 1st.

The Commissioners are to be congratulated upon the appointment of Mr. Root, as he will give far better satisfaction to the public than any other man who could have been appointed.

S. B. Bell.

The Rev. Samuel B. Bell and wife, formerly of Oakland, recently had a celebration of their golden wedding at Santa Barbara. Dr. Bell settled at Oakland in 1852 and was a prominent man in church affairs. It was through his efforts that the First Presbyterian church was built at Oakland.

He was sent to the Legislature and served in both houses and was chairman of the first State Republican convention.

He assisted in the formation of the Durant Academy, which afterwards became the University of California. Revs. Durant, Bell, Brayton and Willey made a big four combination in the early history of the country.

At the time Rev. Mr. Bell lived in Oakland he was a rather tall man with jet black hair and a forelock lying gracefully on his forehead.

Of late years he has not been physically strong but his intellect is not impaired. He will be well remembered by all Oaklanders from 1852 to beyond '60.

The Platt Convention at Saratoga, N. Y., held under the auspices of the Republican party, got through with its slate work in a very few hours. Thos. C. Platt pulled the strings, and the puppets danced according to his jerking. Quay runs Pennsylvania, and Platt New York. It will be well to keep a record of the State boss manipulators for use when the presidential election comes on.

It Is Said

That it will rain again very soon from present appearances.

That the GAZETTE can be found on file in all the leading hotels of the State.

That Adam Deane will be glad when he gets his new engine in working order.

That the Parker Match Factory is again in full blast.

That owing to the recent rains San Pablo avenue is not now knee deep with dust.

That Fred Fonzo has had an offer for his cafe which he may take.

That a great many people are giving up the bicycle fad.

That there are three foreign war vessels in the harbor, which can be plainly seen from West Berkeley.

That tomorrow the GAZETTE will publish a cut of the Standard Soap Works exhibit at the Mechanics Fair.

That advertisers know what paper is the most popular, and therefore there is nothing remarkable about the number of new ones that appear each day in the columns of the GAZETTE.

That Edgren, the hammer thrower who accompanied the University athletes on their Eastern tour is the subject of one of the shots in the University Josh.

That the Oakland "Sweet Pea" girl is an old acquaintance of Durrant's, and that she was no credit to him.

That Superintendent of Streets Chick will post notices of street work on Adeline street, Fulton street and King street.

That there is still a large number of people who have not complied with the ordinance in reference to cleaning up the gutters and sidewalks in front of their premises.

That the Berkeley painters should all bid on the painting of the Town Hall.

That you should be sure and read the new advertisement of Thomas Ryan, that appears in this issue of the GAZETTE.

That persons in Butchertown, who desire the GAZETTE left at their residences, can have it promptly delivered by leaving their names with Connie Newell, corner of San Pablo avenue and Dalton street.

That according to the belief of a number of watchers in San Francisco the world is to come to an end tomorrow.

That the Jewish holidays will commence tomorrow, or rather this evening at 6 o'clock.

That the Oaklanders who bathe in the waters of Lake Merritt will do all in their power to defeat Councilman Towle's ordinance in reference to a new style of bathing suit, which is very distasteful to bathers.

That Durrant is beginning to weaken and that after the testimony of Mrs. Cressett, the aged lady who has known him for years, he broke down and shed tears.

That a number of young girls and boys of West Berkeley have been practicing the muscle dance after dark in a vacant lot, using the electric lights for light, and that if it is not stopped Deputy Marshal Rawson will make some arrests.

That the GAZETTE is doing a great deal of good for Berkeley and that articles from its columns may be found in a large number of papers in different portions of the State.

That young Mr. Fischel has returned from a month's hunting and fishing in Tehama county, he having been the guest of Otto Funda.

COLLIS ANGRY.

C. P. Huntington is angry, at least he was yesterday, for when an associated press agent interviewed him in regard to running only one train daily from San Francisco via Ogden to the East, he used the following language:

"I suppose you are going to telegraph to San Francisco what I say. I wish you would say it's a damned lie. Can you telegraph it that way—a damned lie? I wish to make it strong. We have interests in the Central Pacific and have no intention of taking any business from that road.

"I don't feel like discussing these lies telegraphed to San Francisco. They annoy me very much. You say it's a damned lie, will you please?"

Oh, Collis, how could you use such terrible language?

SILVER ADVOCATE.

W. J. Bryan of Nebraska the distinguished speaker in the cause of silver arrived in San Francisco yesterday, accompanied by his wife and two children, and registered at the Occidental Hotel. They are on a vacation trip. Since March 4th last he has been continuously on the go and has been in every State between Pennsylvania and Missouri and traveled up and down the country from Michigan to Florida.

Mr. Bryan will speak in the city on Friday evening before the Iroquois Club, and immediately thereafter at a public meeting in Metropolitan Temple, for which arrangements are being made by the Bimetallic League. If arrangements can be made in time he will address the students and Faculty of the State University this evening. Tomorrow evening he will address the people of Sacramento. He will leave for Ogden and the East on Saturday.

PLANTING OF TREES

The first rain of the season has fallen and the ground is partially prepared for the planting of almost anything that grows under the sod. If all the signs do not fail it is quite probable that within a few days the country will get more water from above and then all living things in the earth will bud and shoot forth.

Often has the GAZETTE urged upon the public the idea of planting trees upon the various streets of the town for the purpose of beautifying it. It is considered in order to keep this idea before the public until the object sought for is obtained. The clubs in different parts of the town should take the matter up and push it ahead. There is not a person here who has arrived at the age of maturity but what will say that the growing of shade trees upon the public streets of any town adds in a manifold way to its beauty.

In this regard Berkeley has an advantage that is not in the power of many places to possess. Situated as it is on the sides of sloping hills one can stand on the elevation and have a bird's eye view of the whole town, taking in a landscape rarely surpassed. The addition of trees will give a finish to the view that a painter of experience gives to a picture as he completes it.

At present there are some streets where trees have been planted and grown to a good size. It is in comparison of these streets with those which are bare that one comprehends the difference.

There should be some judgment used in the variety of the tree put in the ground. That there should be a variety goes without saying. Too much sameness would spoil the general effect. Among the good varieties to set out are the cork elm and camphor tree, and some varieties of the acacia. There are many other kinds

which would prove pleasant to the eye, but trees that grow very high should be avoided. Slow growth should also be selected. Some have planted palms between the pepper variety, and the contrast is a good one.

Any of the varieties to be selected can be had at a very small price. It does not matter much how small they may be, a few years will bring them up. A little care in keeping them well trimmed is all that is necessary.

We hope that Berkeleyans will take this matter into consideration and act upon it this season. It will be but a few years ere they will get up to a good size and then our town as pretty as it is now will be a joy forever. Don't wait too long but make up your mind what to plant and get the shoots from the nearest nursery and put them where they will do the most good.

"It wasn't any old soldier that picked Colonel Bob Ingersoll's pocket at the reunion the other day, my boy," said Uncle Allen Sparks. "It was some old sutler."—Record.

Louisville is doing all it knows how to do on behalf of its guests. Scarcely a journal in that metropolis neglects daily to remind the visitors that there is plenty of whisky to go around.—Chicago Tribune.

THE New York Republican Convention which met at Saratoga yesterday declared for Governor Morton as the candidate for President at the next Presidential election.

THE Cotton States and International Exposition was opened today at Atlanta. President Cleveland touched the electric button at Buzzard's Bay, between bites, and set the machinery in motion.

H. Rosenbaum, the Dwight way merchant tailor, is located at 2517 Shattuck avenue. Suits to order, and clothes made over at shortest notice, and satisfaction guaranteed. Repairing and cleaning neatly done. 115

"What fool gave you a book on that card?" asked the library official.

"Why, it was a mean-looking fellow about—why it was you."

That is as bad as what happened to Horace Greeley one day.

He wrote a note to a friend and when the boy delivered it the man looked at it and handed it back, saying, sotto voce, "I can't read the fool's writing."

The boy took the note back to Greeley, who hastily opened it and, not being able to read it, said:

"Here, take this back and tell the fool I can't read his writing."

"That's what he said," remarked the boy.

"What!" aghast.—Peck's Sun.

Electric Cars.

If the Telegraph-avenue electric car line would extend its line down Allston way to Shattuck avenue, and make more trips than it is now performing, it would certainly get a large amount of the passenger traffic, as the distance would be gone over in much quicker time than by any other conveyance. Berkeley wants trips made oftener and quicker than at present, and will naturally patronize the company which heeds its wants.

Five cases of small pox are reported in an Indian school at Carson, Nevada.

Dr. Addison of the Second Ward would make a first-class Trustee to take the place of Reuben Rickard.

A number of West Berkeleyites who have been working in the canneries of Alaska for several months, have returned to West Berkeley.

The cyclery started a short time ago by Mr. Henry, at the corner of San Pablo and University avenues, has been closed.

That next week Ed Brennan will publish a price-list each day, showing the wonderful bargains in groceries and provisions that he is selling for cash.

Mr. Saxton, who was taken ill several days ago, is reported to be very low, and his life is despaired of. He resides with his parents on Addison street, between Third and Fourth.

Mr. A. Blumberg, who recently opened a Road House on San Pablo avenue, inside of the Berkeley town limits, has established a fine trade and is becoming stout enough to make an Alderman.

Bernard, oldest son of Mr. and Mrs. Lewis Smith of Allston way and Catherine street, was taken to the San Francisco Children's Hospital yesterday, where he will have an operation performed upon his eyes.

It is understood that warrants will be sworn to today for the arrest of Henry Quinlan and John Doe for taking the body of the boy Lough away from town without a permit. Health Officer Rowell wants to know whether the town ordinance is of any value.

Governor Budd has been heard from. He is floating down the San Joaquin river near Antioch. His health is reported to be improving. As yet he is not able to attend to business and news of an exciting nature is withheld from him.

That the Ancient Order of Foresters will meet tomorrow evening and that they will initiate some heavy candidates.

That the Freshmen are receiving their new military uniforms and that they feel quite proud as they march to and from drill.

That if you want to announce a meeting; to secure female help; to obtain a situation; to borrow money on security; to buy a second-hand cart; to employ help of any kind; to buy a fine milk cow; to sell a good horse; to buy or sell a house; to purchase real estate; to buy or sell furniture; to rent some nice rooms; there is one easy way to do any or all of these. Just insert an adlet in the want column of the GAZETTE.

J. R. Widlund has just opened up a new grocery store at 2312 Ninth street, near Bancroft way, which he has stocked with the choicest family groceries which he is ready to supply the public with, at the lowest market rates. Call and examine his goods and prices.

If you want the best coal, the finest quality of hay and grain at the very lowest rates you must, of course, go to Ramos & Renas, the popular dealers whose place of business is on the corner of Eighth and Addison streets.

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage.
